

FAIZYAB HUSSAIN

Full-Stack Developer | React.js · Next.js · Node.js

Karachi, Pakistan | +92 335 2811970 | syedfaizyabhussain07@gmail.com faizyab-hussain.vercel.app | github.com/FaizyabHussain07 | linkedin.com/in/faizyabhussain

PROFESSIONAL SUMMARY

Full-Stack Developer skilled in React.js, Next.js, and Node.js, with hands-on experience building responsive web applications, RESTful APIs, and authentication systems using JavaScript, TypeScript, Express.js, MongoDB, PostgreSQL, and Supabase. Comfortable across the full development lifecycle — from UI architecture to API design, deployment, and performance optimization — with a strong focus on clean, maintainable, and scalable code.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Role-Based Authorization

Databases: MongoDB, PostgreSQL, Supabase, Firebase

Tools: Git, GitHub, VS Code, Postman, Vercel, Netlify, Figma, npm, CLI Development

WORK EXPERIENCE

Independent Freelance Full-Stack Developer | Remote

Sep 2024 – Present

- Designed and built responsive, production-ready web applications end-to-end using React.js and Next.js.
- Developed reusable React components and RESTful APIs with Node.js and Express.js to support authentication, data management, and third-party integrations.
- Worked across MongoDB, PostgreSQL, and Supabase to implement backend data storage suited to each project's requirements.
- Implemented authentication and role-based authorization to secure application access and protect user data.
- Optimized application performance and managed deployments via Vercel and Netlify, using Git/GitHub for version control.

Full Stack Developer Intern | KohaqTech

Jul 2025 – Sep 2025

- Collaborated with senior developers to build and maintain reusable frontend components for production applications.
- Identified and resolved bugs across the codebase, improving application stability and user experience.
- Integrated REST APIs to connect frontend interfaces with backend services and supported performance optimization efforts.
- Participated in Git-based version control workflows and structured code reviews within an Agile team environment.

FEATURED PROJECTS

Slik — Open-Source SaaS Boilerplate & CLI — Next.js, React, TypeScript, Tailwind CSS, Supabase, PostgreSQL

Built an open-source CLI that scaffolds production-ready SaaS applications with authentication, Google OAuth, role-based access control, an admin dashboard, and multiple themes. | [slik-dev.vercel.app](#) · [github.com/FaizyabHussain07/slik-engine](#)

Clinic Management System — React.js, Node.js, Express.js, MongoDB, JWT

Built a healthcare management application enabling clinics to manage doctors, patients, appointments, billing, and administrative operations with JWT-based authentication.

PasteLink Pro — React, Node.js

Secure text-sharing application with password-protected links, auto-expiry, and a fast, responsive sharing interface. | [paste-link-pro.vercel.app](#)

Web Template Hub

Developer platform for browsing categorized, responsive templates and reusable UI components with search functionality.

EDUCATION

Diploma in MERN Stack Web Development — Saylani Mass IT Training (SMIT) | Sep 2024 – Dec 2025

BS in Artificial Intelligence — Dawood University of Engineering and Technology (DUET) | Started 2026 (In Progress)

Intermediate — Completed, Pakistan

CERTIFICATIONS & LANGUAGES

SMIT MERN Stack Development Certificate · SMIT Hackathon Participation Certificate · SMIT Coding Competition Certificate

Languages: English, Urdu
